

FOUNDER'S MESSAGE

AMITABH SHAH

"2019 was transformational in more than one ways. We transformed the highest number of schools so far and touched the lives of over 1.5 lakhs government school going students. We built more than 300 Smart Classrooms, thus enabling access to quality education for thousands of disadvantaged students. We built 2 completely new schools with world-class sanitation and water facilities along with other necessary infrastructure. We strengthened our systems and processes in association with industry partners to drive greater and more sustainable impact.

The Way Forward

In 2020, we look forward to multiplying our impact, working together with many more like-minded partners, and touching the lives of children in many different ways through our existing alliances. Let's together strive to give a better world to our children and grand children as we enter the New Decade in 2020."

OUR DREAMS ARE POSSIBLE. . .

WHO WE ARE

Yuva unstoppable is a non-profit registered in India and the USA, which has **benefited over 2000 schools and 1,000,000 underprivileged children across 41 cities of India.** We are working with **100 top corporate companies** to transform government schools (better toilets, improved drinking water, scholarships, digital literacy, value-based training, etc.).

In 2015, we received **Innovative Philanthropy Prize By Prince Albert II of Monaco** where Jack Ma was one of the finalists. In 2017, we were awarded an **IBM Impact Grant** and in 2019, we were conferred with the **Ellis Island Award**. In 2020, London School Of Economics (LSE) launched a case study on Yuva's impact (<https://yuvaunstoppableforeducation.com/>), wherein Yuva patrons billionaire philanthropists Anil Agarwal and Amish Tripathi (India's top spiritual author) were special guests. **Statesmen like** Prime Minister Narendra Modi & late President of India, Dr. APJ Abdul Kalam; **Bollywood legends like** Akshay Kumar, R. Balki, Rakeysh Omprakash Mehra; **cricketers** VVS Laxman & Sir Ian Botham; **authors** Jeffrey Archer & Chetan Bhagat; **global leaders** like Paul Polman (former global CEO, Unilever), Gautam Adani, among others have **participated in Yuva initiatives to inspire all.**

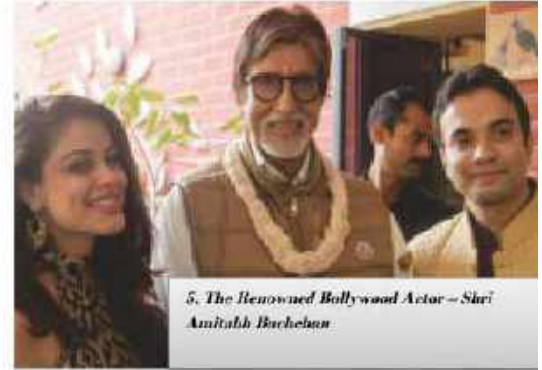

OUR WALL OF FAME

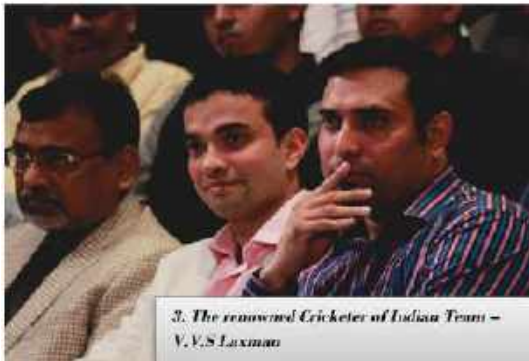

1. Famous Author and Yuva Patron
Lord Jeffrey Archer

2. The famous Bollywood Director - Rakeysh
Omprakash Mehra

5. The Renowned Bollywood Actor - Shri
Amitabh Bachchan

3. The renowned Cricketer of Indian Team -
V.V.S Laxman

4. Honorable Former President of India -
Late Shri APJ Abdul Kalam

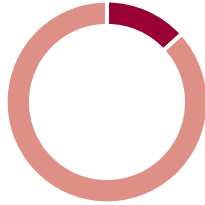

6. The Prime Minister of India
- Shri Narendra Modi

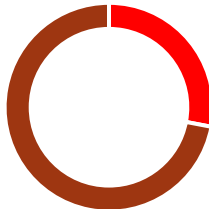

WHY WE EXIST

Only **11%** of schools are equipped with required technology set up

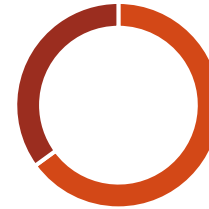

Only **28%** of toilets in govt. schools have running water facilities

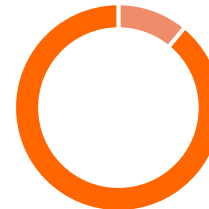

"The goal of education is not to increase the amount of knowledge but to create the possibilities for a child to invent and discover, to create men who are capable of doing new things."

Swiss Psychologist Jean Piaget

Only **65%** of primary schools have basic handwashing facilities critical for COVID-19 prevention

11% of toilets in these schools are partially constructed or non-existent

OUR THEORY OF CHANGE

Yuva Unstoppable was founded in 2005 with the aim to transform the lives of less privileged children and youth. We believe this is achievable by maximizing impact in education sector.

Short-term Change

1. Enhancing WASH infrastructure in govt. schools
2. Building Digital Classrooms in govt. schools
3. Aiding holistic development of govt. school going students

Long-term Change

1. Improve learning outcomes, attendance and enrolment among municipal students
2. Increase compassion, gratitude, and self-esteem in all stakeholders

VISION

To transform 10,000 schools and impact 500,0000 children.

MISSION

To enhance Self-belief, Gratitude and Compassion of children and all stakeholders.

WHAT WE DO

EVOLUTION

School Transformation Program

2013 - Augmenting Water, Sanitation and Hygiene (WASH) facilities & other educational infrastructure in govt. or govt. aided schools

2016 - Enabling technology powered education and digital literacy in govt. or govt. aided schools

2018 – Empowering govt. school going students and youth by mobilising young changemakers

Educational Scholarship Program

2015 - Supporting and empowering deserving yet needy students to effectively complete their higher education through scholarships

SCHOOL TRANSFORMATION PROGRAM

WASH PROGRAM

Under this program, we are creating child friendly learning environment in govt. schools by concentrating on health, hygiene, and better quality education for students:

- Building clean Sanitation Facilities (Separate & hygienic toilets and for boys and girls)
- Facilitating improvement in access to Clean Drinking Water (Separate Drinking and Dishwash areas)
- Building Multipurpose Shade where students can eat MDM, play, and do different activities
- Color Work and improving Overall Ambience of school building
- Making Buildings as Learning Aids through Educational or Value-based Paintings
- Behavior Change Communication (BCC) Sessions on topics like Health & Hygiene, Moral Values, Life Skills, etc.

SCHOOL TRANSFORMATION PROGRAM

DIGITAL CLASSROOMS PROGRAM

The Digital Classrooms Project (Smart Classroom & Google Future Classroom/ GFC) is a Technology-based Education (EdTech) initiative aimed at upgrading govt. schools with state-of-the-art learning technology for improved quality of education.

It is a **joint stack for grade 6-8 students of govt. schools** which includes: subject specific digital content, assessment solutions, professional development of teachers, personalized as well as group learning devices and cloud based education applications.

A typical Yuva Smart Class comprises of: Integrated Learning Tool - Smart Board or K-YAN, Interactive Multimedia Content, Interactive Experiment and Concept Simulations, Scientific and Educational Videos & Teacher Trainings and Capacity Building. **A typical Yuva GFC** additionally comprises of Chrome Books, Chrome Management Console, Google Apps for Education.

SCHOOL TRANSFORMATION PROGRAM

FELLOWSHIP

Under this program, we develop an array of courses and awareness interventions for the students of govt. schools by aligning our youth and their quintessential energy towards the cause.

Our Fellows are change agents and social ambassadors recruited on a full time basis to monitor, direct and implement all our educational activities on the field. They are drivers of social upliftment at the grass roots level

The Fellows conduct sessions on core values such as equality, gratitude and compassion with the students. Value education helps children become better human beings and socially conscious leaders of tomorrow.

On the job, our Fellows develop traits of leadership. They become responsible, proactive and synergistic. They refine these qualities, steepen their learning curves.

SCHOOL TRANSFORMATION PROGRAM

SCHOOL TRANSFORMATION PROGRAM

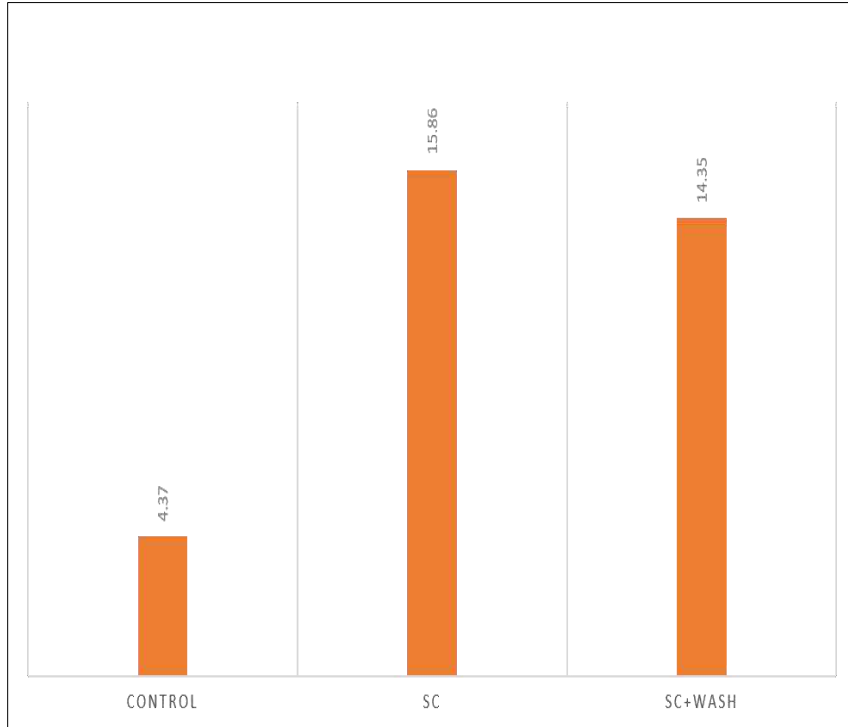

SCHOOL TRANSFORMATION PROGRAM

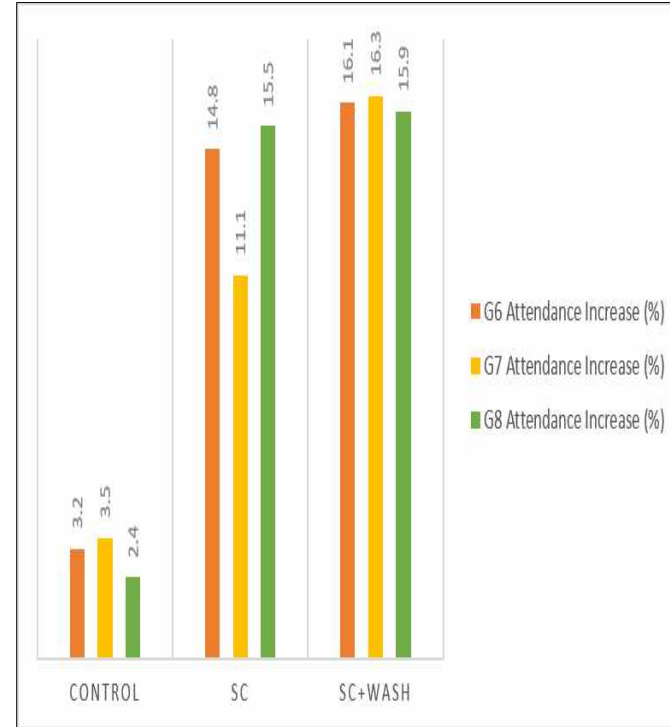

OUR IMPACT

AVERAGE INCREASE IN ENROLMENT (%)

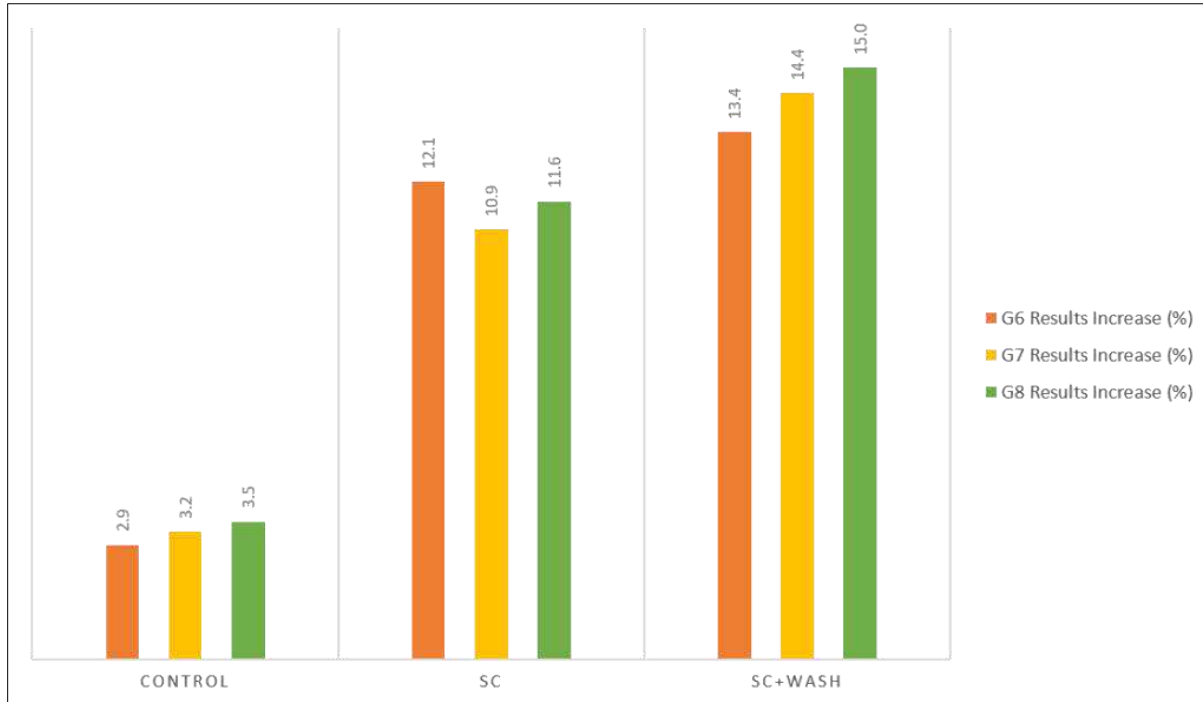

AVERAGE INCREASE IN ATTENDANCE(%)

OUR IMPACT

AVERAGE INCREASE IN RESULTS (%)

LSE's case study on Yuva's impact on the grassroots. The most rewarding statistic is that we are improving learning outcomes in Math, Science, English and all subjects by 4 times more in the schools that we intervene:

EDUCATIONAL SCHOLARSHIPS PROGRAM

UDAAN, a holistic scholarship program that supports the higher secondary and college education of meritorious students from economically challenged families.

The students are selected after completion of 10th grade/SSC through a rigorous selection process (minimum score of 80-90 percentile, family annual income, PIs, house visits, document verification, etc.).

The selected students are then provided financial scholarship for 6 years until they complete a degree course of their choice.

Not only this, we also facilitate regular mentoring and training sessions for the Scholars, often conducted by the benefactors and various eminent personalities & experts from different industries. This enables overall growth and development of the students. Regular career counselling is also provided to the students.

EDUCATIONAL SCHOLARSHIPS PROGRAM

OUR IMPACT

Izma aspires to become a doctor and studies 18 hours a day to make her dream come true.

While her father is a teacher in a small school, her mother is a housewife.

**PRIDE OF
UDAAN SCHOLARSHIP PROGRAM**

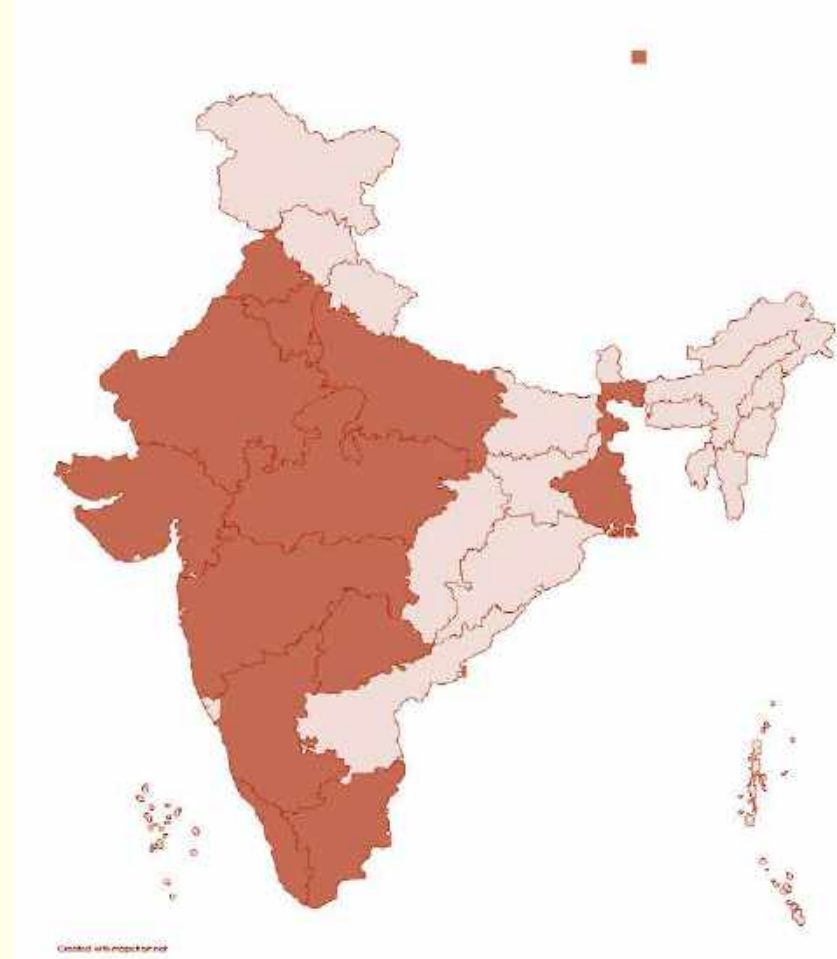

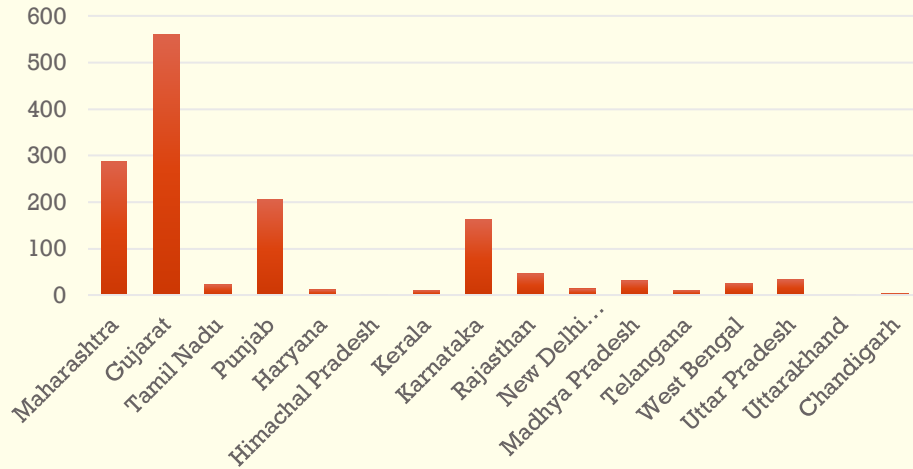

1st Rank IN GUJARAT

Vaishnavi Panchal has scored **99.99% percentile** in HSC commerce and is the topper of Gujarat 2019.

Vaishnavi is the daughter of a humble clerk. Due to malnourishment & vitamin deficiency, her right hand stopped functioning as she entered grade XII. But this did not discourage her to pursue her dreams.

STORIES OF CHANGE

HDFC Ergo & Yuva Unstoppable built 2 completely new schools from scratch in Patan, Gujarat & Haveri, Karnataka. From world-class sanitation, hygiene, and water facilities to multipurpose shade, sports playground, garden area, classrooms with basic education infrastructure, stationery and other amenities, it offers equal opportunity for govt. school going students to access better quality education.

For hundreds of children this will mean a fresh and new start with the beginning of the new academic year.

STORIES OF CHANGE

The Award-winning Bhadaj Primary School transformed by SGS India-Yuva

As a result of our intervention in the school, student attendance increased by 40%. Overall enrolment also showed remarkable improvement - before intervention, there were 92 students and today the school has over 122 students enrolled

STORIES OF CHANGE

After the creation of Smart Classroom, Ketan, a 6th grader from govt. school in Gandhinagar started liking his classroom ambience and the teaching methodology. As he had access to online material, it helped him work better on his science project. He has also started using PowerPoint, Word, Google Search Engine, Gmail and other online & digital tools for classroom assignments and exams. His interest level in studies grew and started liking coming to school.

The Google Future Classroom in Education course has worked wonders for the school teachers of Barve Nagar 6 BMC School, Mumbai. It has enabled them and their students to become familiar with a number of tools like Presentation, Sheets and Form on the Google Application to use in my classroom. The online and digital content explains everything and amazing smart board that can be used to introduce a new concept to students. Google Document can be used for both the teacher and the student to create educational content to share. This has helped in increase in the student's attendance and improved learning. We thank Yuva Unstoppable for the intervention, making classroom learning interactive and fun.
